Professional Sectors

A BRIEF PROFILE OF CILT

The Chartered Institute of Logistics and Transport (CILT) was founded in 1919 in the United Kingdom and granted its Royal Charter in 1926. It currently has over 32,000 members working in over 40 countries across the globe. The principal objective of the Institute is: **“To Promote and Encourage the Art and Science of Supply Chain, Logistics and Transport”**.

The Institute achieves this objective through both its membership offerings and its educational qualifications. Membership provides a professional identity to those in the Supply Chain, Logistics and Transport sector, whilst providing international recognition. The Institute's professional qualifications educate not only those already in the sector, but also those wishing to enter into it. The Ghana Branch of CILT International was founded in 1965 and duly registered as a recognised professional body under the laws of Ghana. It has five sections namely; Accra, Kumasi, Sunyani, Takoradi and Tema. Special Interest Groups of CILT: Fellows Guild, Next Generation (NG) and Women in Logistics and Transport (WiLAT).

MEMBERSHIP:

There are several benefits for individual to become members of the CILT. Most important is that benefits for one person are different from other members. Some are most interested in professional recognition, some in professional education and others in business networking.

Secondly, the incentives change throughout a Member's career. Student Member are pursuing courses, graduating students are looking for good job, Young Professionals want specialist training. Leaders are seeking customers & suppliers; Directors want to build their networks and Senior Members offer to contribute their experience to new members.

Candidates who successfully pass the examinations, and subject to meeting qualifying criteria, may apply to be awarded post nominal letters for:

- Member - MILT
- Chartered Member - CMILT
- Chartered Fellow - FCILT

EDUCATION:

The Chartered Institute of Logistics and Transport, Ghana offers International Professional Qualifications in Logistics and Transport at three levels. They are:

- International Certificate in Logistics and Transport
- International Diploma in Logistics and Transport
- International Advanced Diploma in Logistics and Transport

CILT has accredited training providers (Universities, Colleges, Institutes, Technical Universities etc) in several countries across the world. In Ghana, courses are delivered locally by Accredited Training Providers. CILT International moderates the exam papers and scripts to ensure that the same high standards are maintained around the world.

DRIVE ELECTRIC INITIATIVE

The Energy Commission has led Ghana's transition to electric mobility since 2019, and now operates a solar-powered DC fast charging station at its Head Office in Accra.

VISION

The vision of the DEIGH is to substantially reduce GHG emissions and promote green and sustainable transport and other environmentally friendly benefits while driving increased penetration of renewables in the long term.

MISSION

The Mission of the initiative is to increase the use of electricity by promoting productive use of electricity in powering vehicles. This initiative will also support the social and economic development of the country, while initiating green alternatives which will lead to the reduction in harmful emissions and negative environmental impacts associated with transport systems.

Installing or operating without the Commission's approval is a breach of the applicable regulatory requirements and shall attract regulatory sanction.

Talk to us before you build.

Approval is required before importation begins.

Alhaj Saaka Dumba, FCILT
President

President's *Welcome Address*

It is with great honour and profound gratitude that I welcome you all to the **2026 Logistics and Transport Conference** and **AGM** of The Chartered Institute of Logistics and Transport (CILT) Ghana here in the serene city of Sunyani.

On behalf of the Governing Council and the entire membership of CILT Ghana, I warmly thank you for joining us for this important gathering.

To our esteemed colleagues from Nigeria, Togo and across the sub-region, we say Akwaaba - welcome. We deeply appreciate your commitment to advancing the logistics and transport profession within West Africa and beyond. Your dedication strengthens our collective efforts and ensures that together we can drive meaningful transformation across the African Continent.

The Theme for this year's Logistics and Transport conference is: **“Transforming Ghana's Transport Infrastructure for Inclusive and Sustainable Growth.”**

Mr. Chairman,

It comes at a defining moment for Ghana and indeed for the global logistics and transport industry. Across the world, economies are being reshaped by digital transformation, infrastructure modernisation, climate concerns, changing trade patterns, and evolving supply chain dynamics. Ghana and indeed the sub region cannot remain on the sidelines of this transformation.

As professionals and stakeholders in logistics, transport, and supply chain management, we have a responsibility to lead conversations that influence policy, promote innovation, and deliver practical solutions that support national development.

Our theme therefore reflects an urgent national priority. Efficient transport infrastructure remains the backbone of economic growth, regional integration, industrial expansion, and social inclusion. Whether by road, rail, air, sea, or inland waterways, transportation is the engine that drives trade, connects communities, creates jobs, and improves quality of life.

Over the past years, CILT Ghana has continued to strengthen its commitment to professional excellence, capacity building, policy advocacy, and stakeholder collaboration. We remain focused on supporting national efforts aimed at modernising transport systems, improving logistics efficiency, enhancing road safety, and promoting sustainable mobility solutions.

Mr. Chairman,

It is exactly seven months since I took office as the President of CILT Ghana. I committed to a vision of a vibrant, visible, inclusive, and forward-looking institution that sits at the centre of national policy, driving innovation and professionalism in the Logistics, Supply Chain, and Transport sectors.

President's Welcome Address Cont'd

·Mr. Chairmen, Ladies and Gentlemen,

This conference is more than an annual event. It is a platform for strategic dialogue, knowledge sharing, professional networking, and collective action. Over these two days, we shall deliberate on critical issues affecting our industry, including:

- ■ Urban Transportation and Traffic Congestion Management in Ghana.
- ■ Public-Private Partnerships in Road Transport Development: The Case of Nigeria.
- ■ Inclusive Transport Systems for Persons with Disabilities and Vulnerable Groups.

·The 2024 report of Ghana Statical Service indicates that:

Public Transport Options for Persons with Disabilities (PWDs) such as shared minibuses (tro-tros) lack wheelchair ramps, designated seating, and assistive entry features.

High-floor vehicles, poorly maintained sidewalks, and an absence of traffic signals with audio prompts make walking and boarding hazardous for PWDs.

Despite national disability laws and international agreements, implementation and societal empathy remain low, limiting independent mobility for PWDs to schools, healthcare, and workplaces; hence our carefully chosen topic on "*Inclusive Transport Systems for Persons with Disabilities and Vulnerable Groups*".

Colleagues, I encourage each of you to engage actively in the discussions. Share your insights, ideas and experiences, so that together we can craft a practical workable solution. Our collective input will contribute meaningfully to Ghana's transportation transformation agenda, ensuring that the solutions we propose are grounded in real-world practice and responsive to the needs of our nation.

This is the first time our flagship event is being held in Sunyani and I want to take this opportunity to extend my heartfelt congratulations to the CILT Sunyani Section for hosting us. To the Local Organising Committee (LOC) led by Chairman Emmanuel Kankam-Boadu and the National Organising Committee (NOC) headed by our able Vice President - Road Clement Kubakwana, we say ayeekoo! Your endless hard work, dedication, and sleepless nights over the past months have resulted in the fruition we see today. Thank you

Additionally, Mr. Chairman, we also extend our deepest appreciation to our sponsors, partners, exhibitors, speakers and especially our CILT family for their tremendous support and dedication towards making this conference a success.

I wish you fruitful deliberations and a memorable conference.

GUEST OF HONOUR & KEYNOTE SPEAKER

HON. JOSEPH BUKARI NIKPE (MP)
Minister of Transport

PROFILE OF GUEST OF HONOUR

H

on. Joseph Bukari Nikpe is an accomplished Ghanaian politician with over two decades of dedicated service in governance and public administration. A committed member of the National Democratic Congress (NDC), Hon. Nikpe is widely respected for his leadership, strategic insight, and strong track record in both constituency development and national policy.

Currently serving his fourth term as the Member of Parliament for Saboba in the Northern Region, Hon. Nikpe has consistently demonstrated effective representation and unwavering commitment to his constituents. In February 2025, he was appointed Minister for Transport, a role in which he oversees the maritime and inland waterways, aviation, railways, and road transport sectors. His leadership in this ministry is driven by a vision to modernize Ghana's transport infrastructure and promote sustainable economic development through improved mobility and connectivity.

Throughout his legislative career, Hon. Nikpe has served on several key parliamentary committees, including the Privileges and Immunities Committee, the Finance Committee, the Special Budget Committee, the Employment Committee, the Social Welfare Committee, and the House Committee. He has held notable leadership positions such as Ranking Member of the Committee on Employment, Labour Relations, and Pensions (2024), and previously served as Vice Chairman of the same committee from 2013 to 2016. His experience also extends to the international stage, where he represented Ghana at the ECOWAS Parliament, playing a vital role in advancing regional cooperation and integration.

Hon. Nikpe holds a Master of Arts in Gender and Security, a Bachelor of Technical Education from the University of Education, Winneba, and a certificate in Citizenship Participation in Local Governance from the Hague Academy of Local Governance in the Netherlands. He is now the Chancellor of the Regional Maritime University (RMU).

The Chartered
Institute of Logistics
and Transport

THE CHARTERED INSTITUTE OF LOGISTICS AND TRANSPORT, GHANA

(REGISTERED PROFESSIONAL BODY, NO. 20, 1981)

ACCREDITED EDUCATIONAL INSTITUTIONS TO RUN CILT INTERNATIONAL PROFESSIONAL PROGRAMMES IN GHANA

The Chartered Institute of Logistics and Transport (CILT) is the leading international professional body associated with Logistics, Transport and Supply Chain Management; with over 32,000 members working in over 40 countries across the globe. CILT holds unparalleled professional international recognition. Established in 1919 and receiving its Royal Charter in 1926, the Institute has an exciting history behind it, but is always adapting to stay consistent with current logistics and transport issues. The Institute's Patron is HRH The Princess Royal (Princess Anne).

The principal objective of the Institute is **"To Promote the Study of the Art and Science of Logistics and Transport"**.

To fulfill this principal objective, CILT International has accredited education and training providers (Universities, Technical Universities, Institutes) in several countries across the world. In Ghana, courses are delivered locally by these Accredited Training Providers (ATP's) which currently include Accra Technical University, Data Link Institute of Business & Technology, Ghana Communication Technology University,

GIMPA, Kumasi Technical University, KNUST, Pentecost University, Regional Maritime University, Takoradi Technical University, University of Energy and Natural Resources.

As a result of continuous expansion and rising demand for the institute's professional programmes, a growing number of ATPs have applied for CILT accreditation. This accreditation is in two distinct forms: **Centre Accreditation**, which authorises providers to deliver CILT's Professional Programmes, and **Programme Accreditation**, which endorses the educational institution's own in-house programmes and curricula. In the completion of both programmes, the student would be granted a certain level of CILT membership.

CILT Ghana, in collaboration with its parent body in the United Kingdom (UK), has accredited these ATPs to deliver its International Professional Programmes. We are pleased to inform prospective students, sponsoring organisation (both private and public) and the general public about these ATPs and their upcoming enrollment dates:

No.	Accredited Training Provider	Location	CILT Programmes Authorised	Contact
1	Accra Technical University (ATU)	Accra	Certificate, Diploma, Advanced Diploma	020 268 0644
2	Data Link Institute (DLI)	Tema	Certificate, Diploma, Advanced Diploma	026 825 8292
3	Ghana Communication & Technology University (GCTU)	Accra	Certificate, Diploma, Advanced Diploma	050 134 1945
4	Ghana Institute Management and Public Administration (GIMPA)	Accra	Certificate, Diploma, Advanced Diploma	024 436 6801
5	Kumasi Technical University (KsTU)	Kumasi	Certificate, Diploma, Advanced Diploma	024 480 7069
6	Kwame Nkrumah University of Science and Technology (KNUST)	Kumasi	Certificate, Diploma, Advanced Diploma	024 519 6950
7	Pentecost University (PU)	Accra	Certificate, Diploma, Advanced Diploma	024 475 1125
8	Regional Maritime University (RMU)	Tema	Certificate, Diploma, Advanced Diploma	050 030 0248

10	University of Energy and Natural Resources (UENR)	Sunyani	Certificate, Diploma, Advanced Diploma	054 240 4444

These accredited institutions have met the CILT International quality standards to run our professional programme. Their collaboration with CILT is a testament to our shared commitment to raising professionalism in the logistics and transport sector of the Ghanaian Economy, ensuring continuous training of quality professionals who are ready for the job market.

For further enquiries on our professional programmes, accreditation, membership, consultancy and other related services, the public may contact the Institute through the following:
